

## Draft Protocol for Action for Mosul Administrative communications

### Please note

- The final names of offices are to be finalised in the constitution and, therefore, names will be used loosely ie chair versus coordinator and so on.
- Above is only a draft proposal for consideration by the Board at the next meeting.
- It is in relation to the business of the association and its correspondence, in order to avoid confusion and piling up of email to members who are working in other fields.
- PS: In view of the vacant post of Secretary, Please contact me direct on issues related to A4M until the office is filled. In addition, Maureen volunteered to organise the agenda for the time being.
